IN THE FIRST ALTERNATIVE, PETITION TO REVIVE UNDER 37 C.F.R. § 1.137(a) FOR UNAVOIDABLE ABANDONMENT, OR

IN THE SECOND ALTERNATIVE, PETITION TO REVIVE UNDER 37 C.F.R. § 1.137(b) FOR UNINTENTIONAL ABANDONMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450
Attn: Office of Petitions

Sir:

Petitioner, Thuy Diem Pham, hereby petitions to the Commissioner for reconsideration under 37 C.F.R. § 1.182 to withdraw the Decision on the Request for Reconsideration of Holding of Abandonment ("Decision") dated April 21, 2004 in connection with the above-captioned patent application. In the first alternative, Petitioner petitions that the Commissioner revive the abandoned patent application under 37 C.F.R. § 1.137(a) for unavoidable abandonment. In the second alternative, Petitioner petitions that the Commissioner revive the abandoned patent application under 37 C.F.R. § 1.137(b) for unintentional abandonment.

I PETITION FOR RECONSIDERATION UNDER 37 C.F.R. § 1.182

According to the Decision, Petitioner "may not rely on [her] Certification of Mailing or [her] return-receipt postcard as evidence of timely filling of the substitute specification." Petitioner respectfully traverses this Decision for the reasons stated below.

The issues in this Petition are:

(A) Whether the Certification of Mailing under 37 C.F.R. § 1.8(a), printed with the obvious typographical error "February 25, 2002" but properly signed and dated by

hand as “September 6, 2002” was proper and can be relied upon to establish that the substitute specification was timely filed;

(B) Whether the Return-Receipt Postcard, that listed “2. Response to Notice to File Corrected Application Papers” and stamped received at the Office on “September 9, 2002” be able to serve as *prima facie* evidence of receipt under the M.P.E.P. § 503.

The applicable rule for the issue of the Certificate of Mailing is 37 C.F.R. § 1.8(a), and the applicable rule for the issue of the Return-Receipt Postcard is M.P.E.P. § 503.

A. CERTIFICATE OF MAILING

The erroneous printing of the date of deposit as “February 25, 2002” is obviously typographical in nature. Any reasonable person, upon reading of the Certificate of Mailing, will readily conclude that the wrong date “February 25, 2002” is superseded by the actual date of “September 6, 2002” for of the following reasons:

(1) The date “September 6, 2002” was conspicuously hand written on the Response to Notice to File Corrected Application Papers (“Response”) and again on the Certification of Mailing.

(2) The date “September 6, 2002” was hand written two times on the Request for Refund, which was filed contemporaneously with the Response.

(3) The Return-Receipt Postcard, showing the date of receipt at the Office as “September 9, 2002,” reflects a reasonable arrival date of a package that was sent on “September 6, 2002.” The Return-Receipt Postcard implies that it is highly unlikely that the package was sent on “February 25, 2002.”

(4) The interpretation that the Response was possibly filed on “February 25, 2002” by the Office of Petitions is clearly erroneous because the Notice to File Corrected Application Paper was mailed on August 2, 2002. Petitioner could not have possibly predicted and filed on “February 25, 2002” a Substitute Specification required by a Notice to File Corrected Application Paper issued five months later.

Hence, the date of “September 6, 2002” is the only possible interpretation of the time of mailing. Petitioner concurrently submits a Corrected Certificate of Mailing in order to formally remove the typographical error of “February 2, 2002.” Petitioner submits that she can rely on both the original Certificate of Mailing and/or the Corrected Certificate of Mailing submitted herewith to show that a Substitute Specification was

indeed filed on September 6, 2002. For this reason alone, the Decision should be withdrawn and the Holding of Abandonment should also be withdrawn.

B. RETURN-RECEIPT POSTCARD

In the Decision, the reason for the denial by the Office of Petitions was based on M.P.E.P. § 503 and that “the postcard does not list a substitute specification.” According to the Decision, the Return-Receipt Postcard was deemed unable “to demonstrate that a substitute specification was present upon the filing of the Coversheet.” Petitioner respectfully traverses with such an interpretation for the following reasons.

The M.P.E.P. § 503 addresses the issue of “required components” by using the example of a patent application having “specification,” “drawings,” “oath or declaration,” etc. However, the M.P.E.P. § 503 does not require the breaking down of a document, such as a Response to Notice to File Corrected Application Papers, into components such as the “Coversheet,” the “Substitute Specification,” or other items.

Importantly, the PTO’s own practice supports Petitioner’s interpretation of M.P.E.P. § 503, and contradicts the rationale stated in the Decision. PTO form PTO/SB/21 “Transmittal Form” lists a number of enclosures that can be sent to the PTO. Form SB/21 lists “Response to Missing Parts/Incomplete Application,” but it did not require any further listings of the components of the “Response to Missing Parts/Incomplete Application.” Petitioner’s postcard merely follows the same logic and same format as PTO’s own SB/21 form. For the Commissioner’s convenience, form SB/21 is reproduced below:

This collection of information is required by 37 CFR 1.5. The information is required to obtain or retain a benefit by the public which is to the (and by the USPTO to process) an application. Confidentiality is governed by 35 U.S.C. 122 and 37 CFR 1.14. This collection is estimated to 2 hours to complete, including gathering, preparing, and submitting the completed application form to the USPTO. Time will vary depending upon the individual case. Any comments on the amount of time you require to complete this form and/or suggestions for reducing this burden, should be sent to the Chief Information Officer, U.S. Patent and Trademark Office, U.S. Department of Commerce, P.O. Box 1450, Alexandria, VA 22313-1450. DO NOT SEND FEES OR COMPLETED FORMS TO THIS ADDRESS. SEND TO: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

Petitioner respectfully submits that the Postcard has been properly itemized under “2. Response to Notice to File Corrected Application Papers.” Because there are two items of business before the Office, two items were filed on September 6, 2002:

1. Request For Refund, and
2. Response To Notice To File Corrected Application Papers.

In the first sentence of the Response, Petitioner stated clearly that “attached please find a substitute specification in compliance with 37 C.F.R. § 1.5.” Hence, the substitute specification is an integral part of the Response. The entire purpose of said Response was to submit the Substitute Specification. There was no other reason to file the Response.

For this reason alone and in addition to the reason stated in Section I.A., the Decision denying Petitioner’s Request for Reconsideration of Holding of Abandonment should be withdrawn and the Holding of Abandonment of the above captioned application should be withdrawn.

C. ADDITIONAL REASONS SUPPORTING PRESENT PETITION FOR RECONSIDERATION UNDER 37. C.F.R. § 1.182.

(1) Petitioner filed a Request for Status Inquiry on January 23, 2003, which was well within the six-month statutory requirement for responding to Notice to File Corrected Application Papers. Because no written response was given by the Office to this Status Request, Petitioner filed the Second Status Inquiry on May 21, 2003. As a result, the Office sent Petitioner a letter on June 2, 2003 from the Customer Service Office in Technology Center 1700 that “[w]e project that this application will be first examined in 3 to 6 months from today.”

By virtue of the June 2, 2003 letter, any reasonable person must conclude that the Substitute Specification must have arrived and satisfied the requirement of the Notice to File Corrected Application Papers and the above captioned application was sent from OPIE to Technology Center 1700.

(2) During the telephone conversation on April 12, 2004, between the Undersigned and Mr. Derek Woods of the Office of Petitions, Mr. Woods noticed as fact that stapler holes were found at the corner of the first page of the Response to Notice to File Corrected Application Papers.” This observation was inferred by Mr. Woods that at least some paper(s) must have been removed from the first page of the Response to Notice to File Corrected Application Papers after the package’s arrival at the Office. Petitioner submits that the removed paper(s) inferred by Mr. Woods could have been the Substitute Specification because it was attached to the Response.

(3) Equity requires that the Holding of Abandonment be withdrawn. Petitioner, through her appointed counsel, did everything possible to move the case forward and to satisfy all formality requirements. A substitute specification was indeed filed on September 6, 2002. Petitioner followed through with two Status Requests and was satisfied when Technology Center 1700 provided an estimated time before an Office Action on the merits would be issued. The Holding of Abandonment was a complete surprise. The Decision denying Petitioner’s Request for Reconsideration of Holding of Abandonment was an equal surprise. Petitioner understands that the Substitute Specification was lost at the PTO. Another Substitute Specification was filed with the Request for Reconsideration. Yet another Substitute Specification is being filed

herewith. It is only equitable that the above-captioned application be revived without further delay and without anymore fees.

II PETITION TO REVIVE UNDER 37 C.F.R. § 1.137(a) FOR UNAVOIDABLE ABANDONMENT, OR

In the first alternative, and in the interest of moving the prosecution of this application forward, Petitioner petitions under 37 C.F.R. § 1.137(a) for unavoidable abandonment. Petitioner further emphasizes that the petition under 37 C.F.R. § 1.137(a) is made without acquiescing to the Decision of April 21, 2004 and Petitioner reserves the rights to future petitions. To fulfill the necessary conditions under this rule,

(1) A copy of the Substituted Specification as the Response to File Corrected Application Papers mailed September 6, 2002;

(2) The entire delay of filing the required reply was unavoidable as discussed herein and especially because the Substituted Specification was lost at the PTO in view of the fact that the Office had projected the time of first examination in the letter of June 2, 2003. Petitioner had no way of knowing that the Substitute Specification was lost. Hence, the alleged abandonment was unavoidable.

(3) No disclaimer required pursuant to paragraph (d) of § 1.137.

III PETITION TO REVIVE UNDER 37 C.F.R. § 1.137(b) FOR UNINTENTIONAL ABANDONMENT

In the second alternative, and in the interest of moving the prosecution of this application forward, Petitioner petitions under 37 C.F.R. § 1.137(b) for unintentional abandonment. Petitioner further emphasizes that the petition under 37 C.F.R. § 1.137(b) is made without acquiescing to the Decision of April 21, 2004, and the Petitioner reserves the rights to future petitions. To fulfill the necessary conditions under this rule,

(1) A copy of the Substituted Specification as the Response to File Corrected Application Papers mailed September 6, 2002;

(2) The entire delay of filing the required reply was unintentional for the reasons stated herein.

(3) No disclaimer required pursuant to paragraph (d) of § 1.137.

IV FEES

The Commissioner is authorized to charge \$130 from Deposit Account 50-1980 for the Petition for Reconsideration under 37 C.F.R. 1.182.

Only if that the Petition for Reconsideration under 37 C.F.R. 1.182 is denied, the Commissioner is authorized to charge \$55 from Deposit Account 50-1980 for the Petition to Revive Under 37 C.F.R. 1.137(a).

Only if the Petition for Reconsideration under 37 C.F.R. 1.182 and the Petition to Revive Under 37 C.F.R. 1.137(a) are denied, the Commissioner is authorized to charge \$665 from Deposit Account 50-1980 for the Petition to Revive Under 37 C.F.R. 1.137(b).

The Commissioner is authorized to charge any other required fees from Deposit Account 50-1980 in connection with these petitions.
